PROFESSIONAL SUMMARY

Frontend Developer specializing in React.js and modern JavaScript (ES6+), with hands-on experience building scalable, high-performance web applications. Proven ability to optimize performance, integrate REST APIs, and deliver responsive, user-centric interfaces. Passionate about clean code, reusable components, and solving real-world problems.

EXPERIENCE

- 01/2024 – Present

Frontend Developer Intern (Self/Practice Experience)

Developed multiple React-based applications simulating real-world use cases Improved UI performance and responsiveness across projects Practiced clean code architecture and reusable component design Collaborated using Git and GitHub version control workflows

EDUCATION

- 2022 – 2024

Master of Computer Science,

Chhatrapati Shahu Institute of Business Education and Research
- 06/2021 – 06/2022

Bachelor of Computer Science, Ajara Mahavidyalaya Ajara

Ajara

TECHNICAL SKILLS

- Frontend

React.js, JavaScript (ES6+), HTML5, CSS3

State Management

Redux, Context API

Styling

Tailwind CSS, Bootstrap
- API Handling

REST APIs, Axios, Fetch API

Core Concepts

Responsive Design, Performance Optimization, Cross-Browser Compatibility

Tools

Git, GitHub, VS Code, Chrome DevTools, NPM

PROJECTS

- E-Commerce Web Application, React, Redux, REST API

Built a scalable e-commerce platform with product listing, filtering, and cart functionality Managed global state using Redux for efficient data flow and scalability Integrated REST APIs to fetch real-time product data Optimized rendering performance using React best practices Improved user experience with responsive and mobile-first design
- Portfolio Website , React, HTML, CSS, JavaScript

Developed a fully responsive personal portfolio showcasing projects and skills Reduced page load time by ~30% using image optimization and lazy loading Ensured cross-browser compatibility and modern UI design Deployed on Vercel with continuous deployment setup

Weather Application [↗](#), *React, JavaScript, REST API*

Built a responsive weather application using React.js and REST APIs with dynamic data rendering, reusable components, and robust error handling

contribution

Built and deployed 3+ production-ready frontend projects

Strong understanding of modern frontend development practices

Active GitHub contributor with consistent project updates

Certificates

The Ultimate Job Ready Data Science Course

an online course authorized by CodeWithHarry and offered through codewithharry.com [↗](#)
